## Apartments Prinsengracht: A perfect pied-à-terre

*Pass your time as a true local in Amsterdam*

Five short-stay apartments, stunningly appointed on the Dutch capital's most prestigious canal: the Prinsengracht (Princes' Canal). Located in a gorgeous, newly-renovated 17th century townhouse, each of the on-trend apartments encapsulates authentic Amsterdam living through prominent features such as the characteristic staircase and original beams.

The apartments are suitable for 2 to 4 guests. As the name suggests, guests can imbibe beautiful canal views during their stay – as well as catch a glimpse of the iconic Rijksmuseum. Furthermore, the Apartments Prinsengracht are smack-bang in the one of the city's more offbeat neighbourhoods, allowing you to genuinely experience life as a local.
