## Hotel Vondel

*Where comfort meets class*

The high-end Hotel Vondel has been part of the exclusive Vondel Hotels collection for more than a decade. It's where comfort and class converge into one extraordinary setting: a row of seven 18th-century townhouses. Regarded as one of Amsterdam's finest boutique hotels, Hotel Vondel, as the name suggests, is situated near the city's famous park of the same name. In the heart of the museum quarter and fashion district, the Rijks, Stedelijk and Van Gogh museums – and bustling city centre – are just a stroll away.

Each of the fully-equipped 83 rooms exudes a wow-factor thanks to a stylish interior and inspired contemporary art. And with its gorgeous city garden, spacious meeting room and friendly professional staff, this top-notch city hotel is a veritable haven for both business and leisure travellers alike.

sophisticated contemporary design coupled with quirky hand-picked artworks. Embracing the Dutch kitchen, the menu changes with the seasons to ensure all dishes can be prepared daily using fresh local produce. JOOST is aptly named after the 17th-century Dutch poet and playwright Joost van den Vondel; the inspiration for the city's famous park.
